Ref: MPS/

14<sup>TH</sup> September 2011

**TO WHOM IT MAY CONCERN:**

**MR. GAVIN J. PATERSON AND MR. PETER MCCALLUM OF YELLOWBRIC  
LIMITED 128 BUCKINGHAM PALACE ROAD WESTMINSTER - LONDON**

The District Education Officer Kilifi wishes to congratulate and appreciate the above named persons who worked at Mnarani Primary School for 2 weeks on the wide scale distribution of 20 E-Readers as a low cost and effective way of providing children with educational material, WEB Access and other educational tools. The people were very much excited to learn about E-Readers Yellowbric and the benefits they brought to pupils of Mnarani Primary School. I will also like to convey the support of the Kenyan Ministry of Education for the project to 1600 pupils at Mnarani Primary School and I hope that it will be able to assist other schools within the Kilifi area and beyond.

They dealt with school pupils, teachers, School Management Committee members and the community at large. I thank them greatly for the E-Readers knowledge given to our people.

We wish them a safe journey back to London and welcome them back to Kenya next time. May God bless them both abundantly.

A handwritten signature in black ink, appearing to read 'Chongah Julius'.
